

- Q1 (b) performing programmable operations on the graphics data in order to generate output, wherein the operations are programmable by a user utilizing instructions from a single instruction set.
- 

REMARKS

The claims of the present application have been amended to include subject matter clearly disclosed in the originally filed specification. No new matter has been added.

In the event a telephone conversation would expedite the prosecution of this application, the Examiner may reach the undersigned at (408) 505-5100. Applicants are enclosing a check to pay for the added claims. The Commissioner is authorized to charge any additional fees or credit any overpayment to Deposit Account No. 50-1351 (Order No. NVIDP021).

Respectfully submitted,

Kevin J. Zilka
